

MARSHAL'S REPORT
JUNE 17TH – July 7, 2010

Misc. Duties:

69 property checks
16 contract Forest Service patrols
3 traffic violation
1 outside agency assists
1 motorist assist
3 watershed enforcements

June 21st and 22nd- The Marshals Office spent two days at the firearms range completing semiannual rifle and pistol qualifications. Deputies Payne and Chickvary tied for top shooter honors.

June 23rd- A bypass road resident reported a theft of audio equipment from his residence. An investigation is ongoing.

A few off season reminders:

The Albion Summer Road is scheduled to open July 11th following application of dust control material. With the road opening, traffic and activity in Town picks up substantially.

- Please remember that when the information booth is in operation, there is a stop sign present to protect pedestrians.
- The speed limit on the summer road is 15 miles per hour.
- Please report any suspicious activity.
- Fire danger will increase. Please report any illegal campfires or smoke. Fireworks in all forms are prohibited within the Town of Alta.
- Without fail, someone will test the patience of the local moose population by attempting to feed, pet, or take a cute/up-close photo with the kids on moose back. This often results in another photo opportunity; that of an entire family stuck on the rungs of a lift tower waiting for help. Seriously, moose are ornery creatures, give them some space.
