

**MARSHAL'S REPORT**  
**MAY 14<sup>TH</sup>-JUNE 17<sup>TH</sup>, 2009**

**Misc. duties:**

131 business and property checks  
4 motorist assist calls  
5 traffic enforcements  
7 contract Forest Service patrols  
3 watershed enforcements.

- It has slowed down noticeably for our department since the end of the ski season. We have taken advantage of this time to get our required annual training accomplished, perform maintenance on our gear and to try to regain our sense of humor. Alta Central dispatch remains busy with calls from concerned citizens wondering when we are going to plant the wildflowers, bring the moose back for the summer, and of course remove the snow from Cecret Lake so it can fill with water...
- May 15<sup>th</sup>, 8:49 am- A report was taken regarding damage done to a vehicle during snow removal.
- May 19<sup>th</sup>, 9:00 am- The Marshal's Department spent the day at the firearms range for our semi-annual pistol qualification. Once again, Deputy Payne shot the high score.
- May 21<sup>st</sup>, 5:12 pm- The Marshal's Office assisted the County Sheriff with a car vs. deer accident in the lower canyon.
- May 23<sup>rd</sup>, 7:25 pm- A bypass road resident reported a suspicious vehicle in town. The vehicle was investigated and no criminal activity was occurring.
- June 2<sup>nd</sup>, 11:41 am- The Marshal's Department was called to assist the County Sheriff with a roll-over accident in the lower canyon.

At 10:35 pm, a vehicle was found inverted in a culvert near the Alta cat house. Once the distraught driver was convinced to let go of the vehicle's horn, her identity was established. The uninjured woman was found to be the subject of an attempt to locate/check the well being alert. The deputy on duty arranged for concerned friends and family to pick her up and have the vehicle recovered.

- June 15<sup>th</sup>, 10:22 pm- A business alarm was investigated and found to be false.
